## Junior Tennis Development Program 2020-2021

### Getting Started

Need to determine your child's level? We offer evaluations at no cost for members and \$25 for non-members. If your non-member child signs up for a program, the evaluation fee will be waived. These should be done prior to session registration for anyone who is unsure of their level. Novices do not require evaluation. Please contact the Tennis Office by phone at 781-899-5000 x15 or x16 or via email at [tennisdirector@walthamathletic.com](mailto:tennisdirector@walthamathletic.com) or [tennisadmin@walthamathletic.com](mailto:tennisadmin@walthamathletic.com)  
**Most correspondence is done by email; however, registrations for new students may need to be done in person or by phone. Please email us with your child's age and level and we will assist you with proper class placement.**

### Age Categories and Ability Levels

Age categories of students: 8 and under, 10 and under, 12 and under, and 18 and under. The appropriate age group will be determined by the student's actual age as of the last day of that registration session.

**Rising Stars** This class is for preschool and kindergarten children ages 4.5-6 who have little or no tennis experience. This 45-minute class is an active and fun introduction to the game of tennis.

**Novice Level** This level will introduce students to basic strokes. They will learn to hit the ball over the net in feeding drills, and should be able to sustain a short rally in mini tennis. They will not be able to serve at this level.

**Intermediate Level** Students at this level will be able to sustain a rally from the baseline. They will be working on proper grips, start to learn how to serve, and will be introduced to the actual game-play of both singles and doubles.

**Advanced Level** Students at this level are committed to improving their game. They have the ability to hit volleys, overheads, approach shots, and serves. They are working on proper footwork and technique, along with learning game strategy and shot selection. Most will play more than once a week. Players at this level are working toward or are playing High School Varsity Tennis.

**Playdays** This very popular part of our junior program is offered for advanced players only. This is organized matchplay supervised by one of our staff pros. This is a way for each student to be able to play at least a second time each week. It is offered on **Saturdays and Sundays, 6 – 8pm, except for Session 4 when Playdays are only on Saturdays.** There is a weekly signup at the Front Desk, as space is limited. Each week the student can sign up for one Playday or the other, and the cost is included in the price of the program.

## Class Schedules:

Classes offered are 6-10 weeks in length. Payment is due upon registration. We do not hold spots. Please have your child's ability level determined before you register. Because we have small class sizes and tend to sell out, we cannot give credits or make-ups for classes missed. Please be sure your child is available before signing up for the class.

**We do not give refunds once students are enrolled.**
